

# HOMework POLICY

Date Ratified by Board of Governors: 11/9/23

Date of Review: 11/9/24

## **INTRODUCTION**

At St John's Primary School, we believe that homework can add to a pupil's development and attainment and is therefore an important part of a child's education.

## **AIMS OF THE POLICY**

Through implementation of this policy, we aim to:

- Give pupils the opportunity to extend their learning in areas of personal interest
- Ensure a consistent approach throughout the school
- To encourage children to develop the confidence, independence, self-discipline and motivation needed to study on their own and prepare them for the next phase of education
- To make set homework relevant and meaningful for the child linked to work done at school
- Make expectations about homework clear to children, parents and other carers
- Provide opportunities for parents and children to work together, thereby, fostering an effective partnership between home and school

## **WHY DO WE VALUE HOMEWORK?**

Children benefit greatly from the mutual support of parents and teachers in encouraging them to learn both at home and at school. By valuing home-school learning, pupils are afforded the chance to practice skills, consolidate understanding of work covered in the classroom and to widen their own interests. Moreover, developing good study habits provides an opportunity for pupils to develop self-discipline, independence and the ability to take responsibility for their own learning.

## **PRINCIPLES**

- The amount and difficulty of homework is tailored according to the child's age and ability.
- Sufficient time is allowed for the completion of homework to allow for a healthy home/schoolwork balance.
- Teachers ensure that the tasks are differentiated, purposeful and aimed at developing and consolidating basic skills.
- Teachers provide parents and pupils with clear learning objectives and motivational instructions for tasks as well as clear examples of work to guide both children and adults.
- High expectations for neat presentation are in place to ensure that children maintain a similar high standard of work at home as in school.
- Homework should be linked to previous learning and key skills and must be meaningful and relevant

- Parents will be informed about our aims in setting homework and about the importance this type of work plays in children's education

### **HOMEWORK ACTIVITIES**

Our homework is designed to build upon the concepts and skills that pupils have been learning across a range of subjects.

Homework is set weekly rather than daily so that:

- Children have a choice of homework tasks that can be completed in any order.
- Tasks are to be completed in children's own time and doesn't affect a child's ability to take part in outside activities.
- Pupils hand their homework back each Friday to be marked.

A breakdown of how homework is structured in each class is provided below. This has been designed to encourage a gradual progression of skills and expectation so that by the time children reach P7 they have established a clear routine in preparation for secondary school.

### **EXPECTATIONS**

It is the expectation that all children will at least attempt to complete homework tasks to the best of their ability. If pupils need support to access these activities, then they are given the opportunity to school resources.

Dates for handing homework in are always made explicit by the class teacher.

Pupils are expected to complete homework to the same high standards insisted on in class e.g. neat handwriting, accurate use of full stops and capital letters etc.

A written set of expectations will be written and placed at the front on homework books to inform parents of the standards we expect from each piece of homework.

### **HOW YOU CAN HELP YOUR CHILD WITH THEIR HOMEWORK**

Below is a list of ways that you as a parent can show your child that you value their homework and the time and effort spent completing it.

The school will also provide clear and regular reminders of their expectation when it comes to homework. As a school we hope that you will find this guidance helpful in supporting your child fully with their homework.

You can show you value your child's homework by:

- Providing a suitable place in which your child can do their homework, preferably with an adult to discuss, encourage and support
- Making it clear to your child that you value homework and support the school in explaining how it can help learning
- Encouraging your child and praising them when they have completed work set
- Signing and dating your child's completed homework to show that it is a true reflection of their best efforts
- Ensuring work is complete and returned to school on time
- Checking your child spends a suitable amount of time on homework

Additionally, you can support your child's development by:

- Visits to libraries, museums etc.
- Cooking with them
- Taking your child swimming
- Playing games, e.g. Board games, cards, ball games
- Watching informative tv programmes together
- Providing opportunities for craft activities, e.g. Cutting, sticking, sewing, painting etc.
- Gardening and growing plants
- Using the internet to research something with your child (following guidelines for safe internet use)
- Talking to your child about schoolwork, their day, what they have been learning about and how they have been learning

***Remember: Homework is about reinforcing, practicing and confidence building.***

***Enthusing your child about undertaking homework and modelling the high value of homework to them is of key importance.***
